

CERTIFICATE OF APPROVAL

This is to certify that the Food Safety Management System of:

Döhler Holland BV
Albusstraat 5, 4903 RG Oosterhout
The Netherlands

has been assessed by Lloyd's Register Quality Assurance and complies with the requirements of

FSSC 22000:2010

Certification scheme for food safety systems including ISO 22000:2005, PAS 220:2008, and additional FSSC 22000 requirements.

The certificate is applicable to:

Development, manufacturing and distribution of semi-finished tailor made liquid fruit and vegetable products and preparations, from industrially processed fruit and vegetables, for the food industry.

This certificate is provided on the basis of the FSSC 22000 certification scheme. The certification system consists of an annual audit of the food safety management system and an annual verification of the PRP elements and additional requirements as included in the scheme and PAS 220.
